Your complaint lodged with the CNPD - our ref.: 5,993

Mr. *****,

The National Data Protection Commission (CNPD) refers to your complaint against the European School Luxembourg II (herein after, the “controller”).

Following your complaint, the CNPD contacted the controller to draw its attention on the fact that it was not necessary to collect the personal data of students and their guardians for the purpose of making them aware of and comply with the school’s Covid 19 rules.

Following our intervention, the controller informed us that the documents containing the personal data of the students and their guardians (i.e., the signed “Covid 19 rules Pupil’s contract” documents) had now been destroyed.

We therefore wish to inform you that we consider our intervention in the context of your complaint to be at an end.

Do not hesitate to contact us, should you have any further questions.

Yours sincerely,
